SUPER SIMPLE STEPS:

1. Start with 8-12 long pieces of 1/8" Studio Stripes. Start making your wiggly lines by placing the tape at the top of the mug and as you press it on, you can shift and move the tape to create the curves.
2. Use one coat of the different shades of blue and grey to make the horizontal lines that go between the pieces of tape. Remove the tape.
3. Paint 3 coats of Navy on the inside and the handle of the mug.
