### SUPER SIMPLE STEPS:

1. Screen on the tree and critters using Black goo. Then, leaving a little white space around the designs, paint in 3 coats of Blue to the background.

2. Fill in each tier of the tree with one heavy coat of paint. Working from the top of the tree going down: the top two tiers get Lightest Green, then the next in Lime Green, the one after that in Green, and the last one is Dark Green. Finally just one watered down coat of Light Brown for the trunk.

3. The rest of the critters and their clothing can be filled in with your desired colors, just applying one heavy coat is all you need.

4. Use Red goo to screen on words. Paint inside with 3 coats of your desired color, we did Red!
