SUPER SIMPLE STEPS:

1. Paint two coats of Black paint onto the top part of the handle, the inside, and on the bumpy part of the mug.
2. Use a damp sponge to wipe back the paint on the handle and the bumps, so that the color stays in the crevices.
3. Water down White paint with 25% water and 75% paint. Then, paint 2 coats of white all over the outside of the mug and the handle.
4. Screen on desired "Blessed" using Black goo to the smooth section on the mug.
