Treats Round Coasters Silkscreen

SUPER SIMPLE STEPS:

1. Apply the silkscreen to the front of the coaster and fire before painting.
2. Water down your background colors with 50% water to 50% paint. Dab on one coat of color around the design, you'll paint it right on top of the words...we promise they'll come back!
3. Next water down the remaining colors with 50% water to 50% paint. Fill in your designs with one coat of the desired colors.
4. Paint the edge and back with a different color than the background to make it more fun!
