### SUPER SIMPLE STEPS:

1. We left the top of the dish unpainted.
2. Use Black goo to apply the Animal Stack to the dish, leaving room for the name underneath.
3. Then, use Black goo again to apply the desired name under the animals.
4. Finally, take a fan brush with a small amount of paint and add light sweeps from the edge to create the distressed look. Paint the back with 3 coats of Black.
