SUPER SIMPLE STEPS:

1. Screen the bow at the top of the platter, "mistletoes" at the bottom, and the circles toward the sides leaving room for feet. Fire on design to create coloring book pottery.
2. Use Green paint to apply the feet to the plate.
3. Use Speckled White to apply one coat of paint to the background of the plate, painting around the design elements.
4. Use a sponge dotter to apply Red to some of the circles and Lime Green to the rest of the circles.
5. Apply one generous coat of Red to the background of the bow, one generous coat of Lime Green to the dots on the bow, and one generous coat of maroon to the loop of the bow.
6. Use a detail brush to make the Red strings from the bow to the feet, then add in details on the letters alternating Red and Lime Green.
