### SUPER SIMPLE STEPS:

1. Lay the Squiggly Line and Dots Silkscreen on the frame. We are going to do a rainbow of color across the screen. The colors should overlap and blend. Start with with Coral, then Orange, then Yellow, then Green, then Blue. Allow to dry.

2. Use Black goo to screen on monster heads (no faces yet), then fill in the head with 2-3 coats of desired colors.

3. Next, use your Black goo again to screen on the faces, and one heavy coat to the details.

4. Screen words on the top part of the frame with Black goo.
