SUPER SIMPLE STEPS:

1. Paint 2 coats of Medium Brown over the top of the plate using a fan brush. Make your brush strokes go horizontally to help with the wood grain look.
2. Water down both the Light Brown and Dark Brown paint using 25% water and 75% paint. dip your fan brush in Light Brown and sweep on some light horizontal sweeps to accent the wood. Repeat with Dark Brown.
3. Use Dark Brown to make the horizontal lines, we did the one in the center first, then space out the ones above and below.
4. Use White goo to screen on the letters H-M-E.
5. Use Blue goo to screen on your state.
