### SUPER SIMPLE STEPS:

1. Brush on two coats of Cream to the inside of the plate with a fan brush. While the second coat is wet, lightly swipe in horizontal lines with Light Brown to create a wood grain look.
2. Paint the inside of the border with 3 coats of Grey.
3. Apply the Buffalo Plaid Silkscreen onto the rim of the plate using Black goo.
4. Apply the NOEL Silkscreen to the inside of the plate, then color in using 1 generous coat of your desired colors.
