Two Chicks and a Brush Transportation Mashup Silkscreen

Two Chicks and a Brush World Screen Big Ass Screen

SUPER SIMPLE STEPS:

1. Add water to your Light Blue paint, until you have 50% water to 50% paint. Use a fan brush to apply 2 coats of Light Blue to the center of the plate. Allow to dry.

2. Use Navy Goo to apply the map to the center of the plate. Then, take a damp sponge and remove any excess off the rim of the platter.

3. Apply the transportation mashup screen to the rim of the platter with Dark Blue Goo,

4. We then applied random accents to the designs using all the colors. Just one coat is all you need.

5. Use Black Goo to apply the words to the center of the platter before taking your detail brush to add a thin broken border with a detail brush.
