PYOP STUDIO STUFF SUPPLIES:

He Is Risen Silkscreen

SUPER SIMPLE STEPS:

1. Screen on the design using Black goo, then fire the plate before painting.
2. Water down both the Yellow and the Grass green with 50% water to 50% paint.
3. Use a fan brush to paint on 2 coats of the watered-down Yellow to the entire sky. Use a sponge to dab on one coat of the watered-down Grass Green to the entire grass area. For both of these, don't worry about painting over the black lines!
4. Fill in the details using one heavy coat of your desired colors.
-For the sky we left every other stripe the Yellow we already put on, then did the Dark Yellow for the other ones.
-Make sure to put in a heavy coat of White on the clouds.
-For the dirt around the cross's bases, sponge on a light layer of the Dark Brown.
