PYOP STUDIO STUFF SUPPLIES:

Happiest Hanukkah Silkscreen

SUPER SIMPLE STEPS:

You need Goo in Navy + Medium Blue

1. Apply the words "Happy Hanukkah" using Navy Goo.
2. Use Medium Blue Goo to apply the different design elements all over the top of the plate, allowing them to go off the edge. Rinse the silkscreen as needed.
3. Water down the Yellow paint by mixing 50% water and 50% paint. Use a detail brush and the "drop + fill" method to fill in the parts you'd like to be a brighter yellow.
4. Use the watered-down Yellow to paint 2 coats around the outside of the sauce cup (it will be streaky and light)
5. Add a little more water to the already watered-down Yellow paint. Fill in the parts of the design that you'd like to be a very pale yellow.
6. Water down the Pale Blue paint by mixing 50% water and 50% paint. Use a detail brush and the "drop + fill" method to fill in the parts you'd like to be Pale Blue.
7. Water down Medium Blue paint by mixing 50% water and 50% paint. Apply 2 coats to the rim and inside of the sauce cup (it will be streaky and light)
