CMM 27 Kiwi

Yellow:

Mayco SC42 Butter Me Up
Gare 2349 Tweety Bird
CMM 19 Banana Boat

Dark Green:

Mayco SC26 Green Thumb
Gare 2341 Kermit
CMM 29 Grasshopper

SUPER SIMPLE STEPS: You need Goo in Black + Red

1. Water down the Light Blue paint with 50% water and 50% paint. Use a fan brush to apply two coats of the watered-down Light Blue to the outside of the vase.
2. When the background is dry, use a squeegee and Dark Red goo to screen the words toward the bottom of one side of the vase.
3. Next, use Black goo to apply the bird above the words, wrapping the bird from the front to the side. Then, apply the branches all around the vase.
4. Fill in the designs using the "drop and fill" method; load up a liner brush with watered-down color, drop a ball of that color onto the design, and gently push it around to fill in the design. This eliminates the need for three layers and reduces the visibility of brush marks.
5. To fill in the designs, water down the colors with 50% water and 50% paint. Use a liner brush to fill in the designs using the technique in step 4.
6. Use a fan brush to apply three generous coats of Red to the inside of the vase.
