SUPER SIMPLE STEPS:

1. Use Black goo to screen on your flowers coming up from the bottom of the mug. Rinsing out between flowers will allow you to see through the screen and stack and tuck behind one another.
2. Water down the colors you wish to use for your flowers with 50% water mixed with 50% paint. Fill in the flowers with one heavy coat.
3. Choose a solid color and paint 3 coats to the handle and the inside of the mug.
